THE above fire proof Warehouse is much enlarged and is I doing a fine business. Our receiptshave been upwards of 16,000 hogsheads since the opening of our house—last of October, 1851—and our sales have been very satisfactory. Our mode of selling is as follows, viz. Every horshead is put up and sold on its own merits, andafter the sale it is with the owner to confirm or receithe same, at his pleasure. One Bellian per hogshead covers all charges to the owner, after its arrival at the warchoose; and he receives his money at fine warchouse office as soon as the bills can be made out. We are prepared to pay all charges on febacco consigned to us, and hold asobject to the instructions of the owner. This warchouse is now doing she most extensive business of any Tobacco warchouse in Kentucky, and we pleaface ourselves to attend strictly and promptly to all Tobacco entrosted to our care; and we refer to our past year's businesse merchants, shippers, and planters generally.

Pure Wines and Liquers, for fledicinal Pure Wines and Liquors, for fiedicinal Purposes.

Physician's, bruggists and invalids have often experienced the almost impossibility of procuring a pure wine or liquor in the country, when it becomes accessary to use it for the restoration of health. The arrangements of the Greffenburg Company for the purpose of guarding against imposition and shifter ation, both in Europe and this country, are complete, and any bottle hearing their seal, may be regarded as unquestiously pure and unadultersied.

THE undersigned having procured the exclusive right to this State, effect forsale. First Premi cm Machine:
MANNY'S PATENT ADJUSTABLE NOOTHERN ILLINOIS REAFER AND MOWER.

Awarded the first premium for mowing, and the second for reaping, at the New York, in July, in competition with eleven other Machines; awarded a Silver Medial at the Ohio State Fair for the best reaper and mowers and received the highest award at the Vermont and Michigan State Fairs, forthe best reaping and mowing machine.

The true merit of this Machine has given it a great triumph ever all others, and being a perfect combination of a Reaper and Mower, it comes to the farmer with double values had it is clearly demonstrated to be the only successful combination of Reaper and Mower.

As a tower it is signale and as perfect as though construct. is clearly demonstrated to be the only successful combination of Keaper and Mower.

As a mover it is simple and as perfect as though constructed expressly for mowing, and as a ficaper it is as simple and perfect as it constructed for reading only read the change that is necessary from one plan to the other, is to insert or remover loose platform.

With a pair of horses, one driver, the Machine will move from 15 to 20 acree per day, depending on the ground. It will reap the same quantity requiring two hands, in running over broken ground. The driver can lower or clevate as he may choose.

The price of the Machine, delivered at Mashville, is \$250, or they will, if ordered, be delivered at Memphis, or any point on the Mississippl, between there and Mill's Point, or at any point on Canaberland river, between the State line and Nashville, or at Chattanoege, or at any point between there and Nashville, on the Raifroad, at the same price. They are manufactured in New York; and as it will require time to bring them on, all who wish to procure one for the next season, would do well to address me as soon as conven ent, at Nashville.

MEDICAL. DR. ARNOLD'S UNION PILLS. Green Hills, Team, January 19, 1859.

De. Arnold-Dear Siz-I consider it but an act of ju-On. Annote—Dear Siz—I consider it but an act of justice to yourself and the community, to state to you the very great benefit I have received from the use of your Union Pills. Having been for quita a number of years, greatly troubled with dispepsia, and constipation of the bowels, at times alarming me greatly. I used every other remedy, almost that I ever read or head of for the disease, all without the least beneficial effect. I had almost come to the belief, that it was useless to try any more; as I labored under great debility, and my stomach was greatly injured by taking the different Pills, medicine, &c.; but on hearing my neighbors speak so frequently of the henetical effects of your Union Pills, I concluded to give them a trial, and bought a fifty cents vial, and commenced their use. From the first dose of one Pill I was satisfied it was the medicine for me. I have not yet used quite one vial, and can now say to you with the utmost pleasure, that I have not for the last ten years felt as well, or enjoyed such good health, as I have since commencing the use of your Pills. I would take no som for the good these Pills have done me, and almost every branch of my family have used them with the same happy effect. At times some of the negroes have had symptoms of fever—at the first complaint I have given them one or two Pills, and never had to repeat the dose but once, which effected a cure. Your other medicines osed by my family, have had the most happy offect. I shait aiways keep a supply of your Pills on hand, and I think that no one, laboring as I have under great debility and dyspeysia, with all the evil consequences, but what would, after a use of your medidines, join me in saying the same of them.

Messes, Scovill & Mann-Gentlemen: The Hebrew Flaster is becoming popular in this section. There is a lady in this county who says she would not be without this Plaster for five hundred dollars a year. She was afflicted for some time with an enlargement of the spleen, which gave her a great deal of pain. The awelling and pain had extended up nearly to the arm-pit, and occasionally she could scarcely breathe. She was confined for a considerible time, during which she was attended by some of our best physicians, but they gave her no relief. She precured a box of the Bebruw Plaster, and it relieved her almost immudiately, and now she keeps a supply of it on hand constantly. These facts you are at liberty to use as you think proper—they are substantially true.

Respectfully, yours, &c.

REAT CURE FOR DYSPENSIA:—ANOTHER SCIENT-DR. J. S. HOUGHTON'S

THE TRUE DIGESTIVE FLUID, OR GASTRIC JUICE. PREPARED from Rennet, or the Fourth Stomsch of the Ox, after the directions of Baron Liebig, the great Phy-siclogical Chemist, by J. S. Houghton, M. D., Plubidelpins,

This is a truly wenderful remedy for Indigestion, Despen-sia, Jaundice, Liver Complaint, Consemption and Debuity, curing after Nature's own method, by Nature's own Agant, the Gastric Juice.

If all a tea-spoonful of Pepsin, infused in water, will digest or dissolve five pounds of roust beef in about two hours, out of the stomuch.

of the stomuch.

Yer sin is the chief element or digesting principle of the Gastric Juice—the solvent of the food, the purifying preserving and stimulating agent of the stomach and intestines. It is extracted from the digestive stomach of the Ox thus forming an arithmal digestive fluid precisely like the matical Gastric-Juice in its chemical powers, and furnishing a complete and perfect substitute for it. By the aid of this preparation, the pains and evils of indigestion and Dyspepsin are removed just as they would be by a healthy stomach. It is doing wonders for dyspectice, during cases of behilds. doing wonders for dyspeptics, during cases of Debility, Ema-ciation, Nervous Decline and Dyspeptic Consumption, sup-posed to be on the verge of the grave. The acientific evi-dence upon which it is based is in the highest degree curious and remarkable.

and remarkable.

Scientific Evidence. - Deron Liebig, in his celebrated work on Animal Chemistry, says: "An Artificial Digestive Fluid, analogous to the Gastric Juice, may be prepared from the mucous membrane of the stomach of the Ox, in which various articles of food, as meat and eggs, will be softened, changed and digested, just in the same manner as they would be in the numan stomach. Dr. Preirs, in his famous treaties on "Food and Diet,"

changed and digosted, just in the same manner as they would be in the numan stomach.

Pr. Preirs, in his famens treatise on "Food and Diet," published by Fowler & Wella, New York, page 25, states the same great fact, and describes than Dr. Priera.

There are few higher authorities than Dr. Priera.

Pr. Combe, in his valuable writings on the "Paysiology of Digestion," observes that "a diminution of the due quantity of the Gastric Juice is a prominent and all-prevailing cause of Dryspepsin:" and he states that "a distinguished professor of medicine in London, who was severely afflicted with this complaint, finding every thing class to fall, had recourse to the Gastric Juice, obtained from the atomachs of living animals, which proved completely successful."

Dr. Graham, author of the famous works on "Vegetable Diet," says: "It is a remarkable fact in Physiology, that the stomachs of animals, macerated in water, impact to the fluid the property of dissolving various articles of food, and of effecting a kind of artificial digestion of them in no wise different from the natural digestive process."

Dr. Simon's great work, the "Chemistry of Man," (Lee & Blanchard, Philadelphia, 1846, pp. 321-2.) says: "The discovery of Pepsin forms a new era in the chemical bistory of digestion. From recent experiments we know that food is dissolved as rapidly in an artificial digestive fluid, prepared from Pepsin, as it is in the natural digestive fluid, prepared from the living human stomach, and from animals, are well known. "In all cases," he says, "digestion occurred as perfectly in the artificial as in the natural digestive."

Dr. John W. Draper, Professor of Chemistry in the College of the University of New York, in his "Text Book of Chemistry," page 336, says; "It has been a question whether artificial digestion could be performed—but it is now universally admitted that it may be."

Dr. Carpenter's standard work on Physiology, which is in the library of every physician, and is used as a text-book in all the colleges, is full o

details respecting it.

The fact that an Artificial Digestive Fluid, or Gastrie Juice, perfectly resembling the natural fluid, may be readily prepared, does not adout of question. The only wonder is, that it has not before been applied to the cure of Indigestion and Dyspepsia—so naturally does such a use suggest itself to the mind.

produced the most marvellous effects, in cases of Debility. Emacuation, Nervous Decline, and Dyspeptic Consumption. It is impossible to give the details of cases in the limits of this advertisement; but authenticated As a Dyspepsia Curer, Dr. Houghton's Pepsin has adelphin, New York and Boston nione. These were nearly all desperate cases, and the cures were not only rapid and won-derful, but permanent.

deriil, but permaneut.

It is a great nervous antidote, and particularly useful for tendency to Bilious Disorder, Liver Complaint, Fever and Ague, or bacily treated Fever and Ague, and the evil effects of Quinine and Mercury and other drugs upon the digestive organs, after a long sickness. Also, for excess in eating, and the too free use of ardent spirits. It almost reconciles health with interpresence.

stant relief. A single dose removes all the unpleasant syraptoms; and it only needs to be repeated for a short time to make these good effects permanent. Purity of blood and vigor of body follow at once. It is particularly excellent in cases of Nausea, Vomining, Cramps, Sorene's of the Pit of the Stomach, Distress after Eating, Low, Cold State of the Blood, Heaviness, Lowness of Spirity, Descondency, Emscration, Weakness, Tendency to Insanity, Suicide, Ac.

Dr. Houghton's Pepsin is sold by nearly all the dealers in the drags and popular mechanism throughout the United States. It is prepared in powder and in fluid form, and in prescription vials for the use of physicians.

Private Circulars for the use of physicians, may be obtained of Dr. J. S. Houghton, or his agents, describing the whole process of preparation, and giving the authorities mpon which the claims of this new remody are based. As it is not a secret remedy, no objection can be raised against its

use by physicians in respectable standing and regular practice. Price Osa Dott.an per Bettle.

Pepsin in Powder sent by mail free of postage.—For convenience of sending to all parts of the ossurty, the Digestive Matter of Pepsin is put up in the form of Powder, with directions to be dissolved in water by the patient. CRUTCHFIELD HOUSE, FORMERLY GRIFFIN HOUSE,

CHATTANOOGA. TRN VESSEE.

CHATTANOOGA. TRN VESSEE.

THIS well known Hotel situated within a few steps of the passenger car landing of the Western and Atlantic railroad is now open under the supervision of Thomas Crutchfield, assisted by Mr. J. W. F. Bryson and Lady. This House while under the control of Colonel J. J. Griffin acquired a very high reputation as a first class hotel. The present proprietor having secured the services of Col. Griffin's barkecuer, and having purchased his most excellent cook and house boy, and having furnished the house entirely anew hopes to relain its high reputation and meritpublic patromage. Passengers can be accommoduted with an oamilias to and from the boats.
